Our Term 4 Transition Program for 2014 Preps

In early Term 4, 2013, information about these sessions will be posted to families who have enrolled their prep child for 2014.
If you are aware of a family that has indicated they are interested in enrolling a child in Prep in 2014 please let them know. We will be very happy to talk to them and take them on a tour of our school.
Please make an appointment. Our phone number is 5446 8393.
You can collect an enrolment form from the office.

Our Transition Program

We run three sessions during Term 4. These sessions allow the children (and their parents/ carers) the opportunity to familiarise themselves with the school buildings, class mates, teachers and some aspects of their school activities, enabling the children to readily settle into school routines in 2014.

First Session

Tuesday October 22nd 9.15am-10.45am. Please bring your child to the prep classroom.

While the children are working in the classrooms with the teachers, an information session will be conducted for parents. We encourage all parents to remain at school. We will have a few presentations that will provide information that will enable your child to make a smooth transition to school. There will be an opportunity to ask questions and clarify any uncertainties. Morning tea will be provided and you will have the chance to meet other prep parents.
The children will not require anything for this session.

Second Session

Tuesday November 19th 9.15am-10.45am

Please take your child to the prep room and pick up at the end of the session. Parents do not stay at school.
The children will not require anything for this session.

Third Session

Tuesday December 3rd 9.15am-11.45am

Once again the children will be working in the prep room. However, today they will also have an opportunity to explore the playground. The children will also stay a little longer and participate in our recess routine.
Children will need to bring their playlunch and a sun hat.

Please do not hesitate to call the school if you have any questions.
