Values

The school values of Respect, Care and Personal Best sit at the centre of our work, and when the school community's actions reflect these values we have the greatest chance to succeed.

Statements which affirm the school's principles are found in documents such as the Student Engagement Policy, Student Management Policy and the Curriculum Framework Policy (and associated documents)

Enactment of school philosophy.

The vision of the school will sit at the centre and there will be expectations about all work aligning with this belief. In all our: documents, practice by students and teachers, work with the School Council and the community, teaching and learning programs, school initiatives, internal and external interactions and organisational structures and practices, our students' needs will be the focus.

Regular evaluation processes will be in place to measure performance in all areas of the school with respect to the implementation of the vision and values of the school.
